Japan

Short-Term Mission Trip (JSTM)

The time is NOW!

Our Call

The Great Commission - Matthew 28:18-20

The Urgency

Japan, a nation that is rich in culture, ranks as the world's oldest population with an increasing death rate. More than 1 in 10 people in Japan are aged 80 or older. And with a population of 123 million, less than 1% are professing Christians.

We want to respond to the urgency to reach the nation with the Gospel.

The Plan

The Work

·We mobilize the churches in Japan to map out the entire nation to systematically reach the people with the Gospel message.
